As your Shepherds, we care deeply about each member's spiritual, physical, and emotional well-being. We know many are anxious to gather in full number again, and we appear to be getting closer to that day; however, because we care, we must move toward that end in carefully-planned, progressive steps. In order to comply with government recommendations and protocols, there is some pre-planning and logistics to work out. This is in process.

We are also mindful that our area is still a "hot-spot," with TDCJ offender and employee illness trending up. For this and other reasons, even when we resume meeting, some may not feel comfortable getting out yet. Our plan is to continue worship service availability online, even when in-person worship begins again.

In the meantime, small groups of members may resume meeting in homes. We encourage each member to take appropriate measures to minimize direct personal contact or possible exposure when meeting. Any use of the building needs to be cleared through the church office in order to coordinate cleaning and disinfecting protocols.

Please continue to pray and to connect through available means to love God, love one another, and serve the world during this challenging time.

If you would like information, news or prayer requests to appear in the Family News, please contact the church office.
